

EFFECTIVE

July 1, 2022.

Subject(s)**Administrative Policy Human Resources (APR) 114, Parking
for South Grand and Elliott-Larsen Building**

Human resources will monitor and assign parking spaces in the following parking lot locations:

- Elliott-Larsen – Executive Lot – 42 parking spots.
- South Grand – 135 parking spots.

The Department of Management and Budget (DTMB) will maintain oversight and direction over the parking lots, which includes any fees required for parking.

Effective July 1, 2022, priority for open parking spaces in the Elliott-Larsen and South Grand parking lots will be given to employees that are working 100 percent of their schedule in the South Grand Bldg., Grand Tower, or Elliott Larsen Building. This may supersede aspects of the current publish policy. This policy will be reviewed annually and modified, as needed, if current remote work policies change. Employees currently parking in these lots will retain their parking spaces.

Reason: Remote work adjustment.
